## **Harbour View Gallery Seeks New Managing Member**

---

Looking for an upscale small gallery to exhibit and sell your artwork without paying the typical high gallery commission?

The Harbour View Gallery, LLC currently is accepting managing member applications for one owner-artist partner.

Harbour View Gallery is a cooperative gallery of seven owner-artists representing a wide range of art media. The gallery is located in prime retail space on the promenade at the Marina at Cape Harbour and has been in business since October 2007. Along with an ideal location, the gallery's success can be attributed to the quality of art represented in the gallery, the cooperative spirit among the managing members and their shared goal of success.

The gallery's current members' work includes pottery, glass work/mosaics, paper casting, watercolors, photography and jewelry. Ideally, the new member's artwork would contrast with and complement the media now represented.

Existing gallery owners are looking for artists with business or managerial skills, sales or public relations experience, and who work well in a shared decision making environment.

The successful applicant will make a two-year commitment of membership, pay a non-refundable initiation fee of \$750, monthly dues of \$150 and a small percentage of monthly sales as rent to the landlord. Each member works at the gallery one day each week.

For an application and more information about all the benefits and requirements of membership visit the gallery website at: [www.harbourviewgallery.com](http://www.harbourviewgallery.com) or email the gallery at [art@harbourviewgallery.com](mailto:art@harbourviewgallery.com) You may also call the gallery President, Shirley Hales at 945-2929 if you have specific questions.

A Search Committee will screen all applications and will contact candidates who meet membership requirements to schedule an initial interview.
